PERSONAL GROWTH

CO-OPERATIVE EDUCATION

- Earns you credits toward graduation
- Teaches you safe work habits and skills for the workplace
- Helps you learn about workplace expectations
- Builds your network and makes connections to the labour market
- Helps you make informed decisions about education and career plans

THIS COURSE WILL HELP YOU UNDERSTAND

- The changing workplace and career options that may align with your skills, abilities and interests
- The knowledge, skills, and attitudes required for success
- How to make connections between what you're learning now, what you want to study later and career pathways
- Opportunities for on-the-job learning

Experience creates a path to success.
