

The Mass Casualty Commission's Recommendation C.17 calls for Province-wide implementation of curriculum addressing gender-based violence (GBV) and bystander intervention (BI). This will ensure that every student in grades primary to 12 will learn how to recognize, prevent, and respond to GBV and other harms.

Please note that as this material is sensitive and students may have lived experience and associated trauma, teachers should take care to establish rapport with students before engaging with these curricular outcomes.
